Dear Mr. Fortkiewicz:

Per your request, this letter provides additional information to your request for additional information dated August 12, 2014 and replied to on September 15, 2014.

Your letter indicated that the Committee may have failed to file one or more 24 hour reports of last minute independent expenditures. As noted in our response of 9/15/14, the Committee reviewed its records and verified that due to a miscommunication with a vendor, the Committee inadvertently neglected to file these expenses on a 24 hour report. In addition, due to travel schedules, the Committee staff did not realize that the data required for the 24-hour reports had not been provided to the Committee.

The Committee has reviewed its procedures to ensure that future filings are not missed. This has included additional training provided to all field staff regarding the legal filing requirements, as well as instituting a policy that all staff file nightly reports with the accounting team to ensure all expenditures are monitored daily. In addition, vendors have been informed that the Committee must receive all data related to independent expenditures on a daily basis.

As was previously noted, the Committee has filed close to one hundred 48 and 24 hour notices this year that have been timely. The Committee understands the requirements and intends to continue filing all notices accurately and on time.

Sincerely,

Matt Kibbe
